Dr. Harmon C. McAllister, Research Director
The Council for Tobacco Research - U.S.A., Inc.
900 Third Avenue
New York, NY 10022

Dear Dr. McAllister:

**Symposium on
Phenotypic Variation in Populations: Relevance
to Risk Assessment
Brookhaven National Laboratory, Upton, NY
December 7-10, 1986**

We were absolutely delighted to receive the check for \$2,500.00 from the Council for Tobacco Research in support of our symposium. As you request, the funds will not be used to pay for expenses incurred by participants from the industrial sector. Please convey the Organizing Committee's appreciation to your Scientific Director and the CTR staff for this support. This contribution will, of course, be fully acknowledged in the program.

We heard that we will obtain funds from two other agencies to which we applied and are hopeful that we will secure still more funds. We will keep you informed about the progress of the meeting.

We are pleased to hold open a registration slot and look forward to seeing your representative at our symposium.

Again, thank you most sincerely for your support.

Yours sincerely,

Avril D. Woodhead

Avril D. Woodhead
Chairperson, Organizing Committee
